SUMMARY

Experienced Front End Developer with 2 years of expertise in React, HTML, CSS, Javascript, and Node.js. Proven record of successful development and implementation of web applications using advanced technologies. Seeking a position as a Front End Developer to utilize my skills and knowledge in creating innovative user interfaces.

EXPERIENCE

Front End Developer
Card Total   **May 2023 – Present, Sao Paulo, Brazil**

· Collaborate with the development team to design and implement user-friendly web interfaces using ReactJS, JavaScript, HTML, and CSS.
· Develop and maintain codebases, ensuring high-quality code that adheres to coding standards.
· Work closely with designers to transform wireframes and visual designs into functional web applications.
· Collaborate with back-end developers to integrate front-end components with server-side logic.
· Participate in code reviews to provide constructive feedback and maintain code quality.
· Assist in troubleshooting and resolving technical issues related to front-end development.

Sales Executive
Zego   **September 2021 – Present, London, United Kingdom**

· Established strategies to find and convert new prospects and sales leads into customers
· Completed outbound and inbound calls to increase sales prospects and quote requests
· Maintained relationships with customers by providing support, information and guidance

Administrator
Hospital Beneficencia Portuguesa   **April 2015 – December 2017, Campinas - Brazil**

· Trusted to analyse and interpret data, and handle all shipments, deliveries, and material orders
· Managed telephone and email communication systems
· Coordinated and scheduled all company meetings and appointments with suppliers.
